1. Part of the German State Training School of TRAISKIRCHEN (C 49, L 87) was occupied. Soldiers working and behind black opaclets were observed being drilled near the quarters.
2. The truck, in 9-89-87, presumably loaded with laundry, was identified. Local residents stated that about 400 troops, allegedly recruits, arrived by truck on 14 July 1948.

Comment: According to unknown reports, component units of the 46th (de) Wehr Regt/18th (de) Wehr Div are presumably stationed in TRAISKIRCHEN near VIENNA. The above report indicates that the regiment was still at the DUELLERS-BAIM troop training grounds at the end of July 1948. Only a few recruit units were being trained in the past at that time.
